Sponsor a nurse and help make a real difference

At Garden House Hospice Care we have over 72 nurses providing around the clock care to patients and their families living with a life limiting condition, either within the hospice or in a patient's home. Every hour of every day our nursing team are making a real difference to local people at one of the most difficult times of their lives. Their specialist skills aim to meet the varying needs of local patients and families' whilst providing compassion, comfort and a safe haven.

More people than ever need our help and continuing our care would not be possible without your help. By Sponsoring a Nurse through a standing order, a one-off donation or by fundraising is a wonderful way of ensuring our specialist care and support are available for local people today, tomorrow and in the future.

A Gift of:

£5 a month = £60 a year could pay for complementary therapy sessions for a patient

£10 a month = £120 a year could pay for a nurse to make four home visits

£20 a month = £240 a year could provide senior nursing care for a 7.5 hour shift

Alternatively, you may wish to fundraise as a group, to fund not only a nurse but the entire hospice for one whole day. It costs around £6,500 to run the hospice for one day, so why not set a fundraising target as a family or group to achieve this?

Whichever way you decide to help, rest assured that your support will make an amazing difference at Garden House Hospice Care.
