Providing care and support to
patients and their families
facing a life limiting illness

Welcome from Sue Plummer, CEO

Thank you for taking the time to read this today.

Your support is so important to us and we want to make sure that we only contact our supporters when and how they would like us to.

You may already be aware but from 25 May 2018, the data protection law is changing which will impact how charities and all other organisations can communicate with you in the future.

We'd love to keep you posted in the future on how your support can make a difference to our patients, their families and carers facing life limiting illnesses in Stevenage, North Herts and surrounding villages.

Continue to support us and take the time to tick!

Please can I make a special request today and ask you to complete and return the attached form.

Without your tick, we will no longer be able to contact you from 25 May 2018 unless you have given your consent for us to do so.

Please take the Time to Tick, as a simple tick from you, can make a world of difference to us.

Yours sincerely

Sue Plummer
CEO

We want to stay in touch with you, but only in ways that you find helpful.

We would like to contact you to keep you up-to-date about our Hospice care services and news, fundraising events, campaigns and initiatives (including our Lottery and shops) and general news we think you may like to hear.

Please note: if we don't hear from you at all, we will remove you from ALL of our mailing lists and emailing communications.

This will also include regular mailings you currently receive such as Lights of Life and our Open House Newsletter.
